### REASONS FOR ALLOWANCE

1. Claims 1, 5-13, 15 and 17-19 are allowed.
2. The following is an examiner's statement of reasons for allowance: The prior art taken either singularly or in combination fails to anticipate or fairly suggest the limitations of the independent claim(s), in such a manner that a rejection under 35 U.S.C. 102 or 103 would be proper.

The prior art fails to teach a combination of all the claimed features as presented in claim(s) 1 and 6-12, wherein the claimed invention comprises masking desired portion of an engraved plate or cylinder and electroplating the plate or cylinder with metal, as claimed;

The prior art fails to teach a combination of all the claimed features as presented in claim(s) 5 and 17-19, wherein the claimed invention comprises engraving a plate or cylinder with a desired lens pattern, removing the undesired portions of the lens pattern using a gravure engraving process and using the resulting plate or cylinder in an extrusion embossment process such that the substrate can be embossed with the remaining lens pattern, as claimed; and

The prior art fails to teach a combination of all the claimed features as presented in claim(s) 13 and 15, wherein the claimed invention comprises engraving a desired lens pattern in a surface metal of a flat metal plate or cylinder, the surface metal of the plate or cylinder in which the pattern *is engraved into is loosely bonded and can be removed to become an engraved metal shell*; cutting the engrave metal and *fastening the metal shell into a cylinder or plate to produce the transparent pattern sheet* such that the lens pattern runs along a pre-selected direction, as claimed.

The combination of all the claimed features are not anticipated or made obvious by the prior art and all of said features are relied upon for a determination of allowability..

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
